SESAME SEEDS

INTRODUCTION

Sai Baba Industries participated and shared its role by Manufacturing & Export of **Hulled Sesame and Natural Sesame Seeds** at affordable cost.

Sai Baba Industries was established in 2001. The company was started by **Mr. Girdhari Lal Wadhvani** and **Mr. Prathvi Wadhvani** and progressing because of their constant efforts and deep domain knowledge.

We at **Sai Baba Industries** truly believe that customers are responsible for success of any organization. This is the reason customer satisfaction is our primary objective at **SAI BABA INDUSTRIES**.

We are strongly committed to give quality products and operations to our clients before committed time frame.

Our workforce and experienced team are solely responsible for growth and success of organization.

Sai Baba Industries is well-equipped organization, presently operating **2 Fully automatic manufacturing & processing plants** with an **annual capacity for 50000 mts**. In addition to this, the company also has upgraded **7 Sortex Bichromatic Buhler Machinery**. Not only this, our Sesame Hulling Plant is **HACCP certified** unit. Further, we have necessary arrangements to get product duly tested through labs like SGS, Geo-Chem, Bureau Veritas, and QSS for the food safety.

MISSION

To create, develop, and execute the best business strategies to our customers.

VISION

Our goal is to provide efficient service to each and every valued customer globally.

VALUES

Ethics, discipline, commitment, team work, flexibility and efficiency.
